DOCKET NO.

JAMES M. WIENER, D.M.D.)	CONSENT ORDER

Licensed to Practice Dentistry)
in the State of New Jersey)

This matter was opened to the New Jersey State Board of Dentistry upon receipt of a patient complaint from Francesco Curcio concerning dental treatment performed by the respondent consisting of full mouth reconstruction. The Board reviewed the patient records and X-rays, the Board's consultant's report, and acquired further information at an investigative inquiry attended by the respondent together with his counsel on December 16, 1987. This review disclosed that the failure to recognize the need for periodontal treatment prior to construction of prostheses compromised the entire case, that the maxillary segment of the prosthesis is loose, that the acrylic relines of tooth #31 produces poor margins, and that open margins exist in teeth #23 and #26. In order to resolve this matter without recourse to formal proceedings and for good cause shown;

IT IS on this 16 day of Feb 1988,

HEREBY ORDERED THAT:

1. Respondent shall make restitution to the patient for the entire fee by submitting a certified check or money order payable to Francesco Curcio in the amount of \$7,000.00 to the State Board of Dentistry at 1100 Raymond Boulevard, Room 321, Newark, New Jersey 07102, within one (1) year of the entry date of this Order at the rate of \$583.33 per month.

2. Respondent shall cease and desist from performing any crown and bridge dentistry until he shall successfully complete sixty (60) hours of continuing education in treatment planning (20 hours), periodontics (20 hours), and crown and bridge dentistry (20 hours). These courses shall be approved by the Board in writing prior to attendance and must be completed within six (6) months of the entry date of this Order. Respondent also shall be required to provide the Board with proof of successful completion of the required course work.

3. Respondent is hereby reprimanded by the Board of Dentistry for his failure to adequately assess the periodontal condition which existed in this patient.

4. Respondent will be able to continue performing crown and bridge dentistry on patients where treatment has already started. (List attached hereto.)

ARNOLD GRAHAM, D.D.S.
PRESIDENT
STATE BOARD OF DENTISTRY

I hereby agree to the terms
and conditions of this Order.
